ABOUT ME

I'm Vishnu Kumar, a passionate Frontend Developer with hands-on experience building responsive, scalable, and high-performance web applications. I specialize in creating modern, user-friendly interfaces using React.js, Vue.js, JavaScript, Tailwind CSS, HTML, and CSS.

PROFESSIONAL EXPERIENCE

Frontend Developer | Jadon Webtech Pvt Ltd | New Delhi July 2025 – April 2026

- Developed and maintained responsive frontend interfaces for live client projects using React.js, Vue.js, JavaScript, TypeScript, Next.js, Nuxt.js, Tailwind CSS and Bootstrap.
- Worked on live e-commerce websites, business websites and dashboard applications, focusing on responsive layouts, reusable components and user-friendly interfaces.
- Implemented interactive UI components, forms, navigation, sliders, animations and responsive designs for desktop, tablet and mobile devices.

Frontend Developer | Radial Code | Hisar, Haryana June 2024 – June 2025

- Worked on live frontend projects and contributed to the development of responsive e-commerce websites, business websites and dashboard applications.
- Built and maintained reusable UI components using HTML, CSS, JavaScript, Vue.js and React.js with a focus on clean and responsive design.
- Converted UI designs into responsive web pages and ensured consistent user experience across desktop and mobile devices.

PROJECT EXPERIENCE

Frontend Web Projects — HTML, Vue.js & React.js

Worked on responsive and interactive frontend projects including business websites, landing pages, dashboards and e-commerce-style interfaces using HTML, CSS, JavaScript, Vue.js and React.js.
